CONFIDENCE NEED, SAYS C. C. CHIEF

President Morrish Addresses Aides This Morning

VISITS STARTED

Object of Calls Is to Ascertain Wishes Of Businessmen

"Business is composed of confidence and morale. We can increase business in Redwood City right now by increasing confidence and morale."

This was the message of President J. E. Morrish Tuesday to 21 directors and members who gathered at the chamber of commerce office at nine o'clock to start the most intensive visitation and membership campaign of the past three years.

"The chamber of commerce is not a far-off institution," said President Morrish, "made up of some mysterious substance with which no one is familiar. It is simply a plan by which Bill Jones and John Smith pool their resources of ability and experience to do a better job for the community and themselves than they could do individually."

Guy R. Kennedy, chairman of membership and finance, is heading the visitation campaign. Outlining the purposes of the work Chairman Kennedy asked each captain and team member to determine what individual service the chamber may be able to give to each business and professional man this year.

"We know it is a year," said Chairman Kennedy, "when business men's associations must do everything in their power to give direct service to members—service which helps to increase business. I ask everyone of you to learn from the business people how we can serve them this year and get the best results for them and for the community."

Continuing, Kennedy said: "If we were to eliminate the pooling effort of the business people which is now carried out by group action known as the chamber of commerce, this would almost instantly cause a break-down in confidence. Such action means that a community quickly reverts to the crossroads corner with its blacksmith shop and general store. We ask the co-operation o fevery business and professional man in the community to help keep Redwood City on an even keel throughout these troublesome times."

In addition to other members whose names have been announced the campaign is being assisted by Louis Behrens, Gerald Johnson, A. H. Davies, A. B. Sisson, and Thomas J. Kane.

County Charter Sent Back for Seal, Changes

Sent back here to have the supervisors' seal stamped on it and to have a few minor changes made in its form, the proposed San Mateo County Charter was on its way back to Sacramento today.

The legislative council did not approve of having the amendment to the charter, which provides for the election of the board of supervisors at large, attached to the charter. It should have been written into the body of the charter, the council held.

Attorneys J. W. Coleberd and Arthur Redington, who handled the legal steps, expressed a belief the certification was proper, but made the changes to avoid further conflict.

Mrs. Alice O'Day Buried Following Services In S. F.

Mrs. Alice Coffey O'Day, whose father, the late Joseph Coffey, was prominent in the political and lodge circles of Redwood City and San Mateo county some 30 years ago, was buried Saturday after services in San Francisco. She was a native of San Francisco and died Thursday.

She was a niece of Louis Coffey and the late Alfred I. Coffey, architect of this city, who designed the Sequoia Union High School and others here.

Mrs. O'Day was the wife of Edward O'Day and the mother of Madeleine Alice O'Day.

Services were held at St. Monica's Church, where a mass was offered for the repose of her soul at 10 o'clock. Interment followed in Holy Cross Cemetery, Colma.

Two Children Are Revived After Inhaling Gas Fumes

Quick work by the inhalator squad of the Redwood City Fire Department was credited Tuesday with saving the lives of the two children of Mr. and Mrs. Albert Myers, 245 Roble avenue, who were overcome this morning by fumes from a circulating gas heater.

The children, Mona Rae, 3½, and Albert Jr., 2, were in the front room of the residence with their mother at 8:30 this morning when the girl complained of being sleepy and suddenly collapsed upon a chair.

After failing to restore the girl to consciousness through her own efforts and ascertaining that the boy was likewise affected, Mrs. Myers screamed for help and neighbors called the fire department and Dr. H. A. Clattenburg. Upon trying to carry the children out of the room, Mrs. Myers became aware of the gas and was partially overcome herself.

Fire Chief Mark Ryan and the inhalator squad, including Edwin Holmquist, Eugene Plecq and Joseph Lodi, carried the children on mattresses outside to the fresh air and administered oxygen to revive them.

After medical treatment, the girl was able to return to her play, but the boy suffered more severe effects.

The Myers family moved to Redwood City only Monday from San Francisco. Mr. Myers returned to his business there yesterday afternoon, and the mother and children were alone.

City Building Inspector Con Drathman reported that the gas heater had been installed without a vent, allowing the fumes to escape into the room.

Funds Lacked For Purchase Of Materials

Lack of funds in the county treasury with which to buy materials and equipment to carry out projects today threatened to turn work relief into food relief for the jobless of San Mateo county.

The $112,000 fund obtained by sale of the first block of the $350,000 relief bond issue is useless for creating employment if materials cannot be supplied by other funds, it is said.

James S. James, San Mateo county surveyor, also revealed today that his office has been forced to adopt a four-day week for office hands and a three-day week for field men.

James said his budget has been depleted in carrying out unforeseen projects which the board of supervisors has ordered.

The supervisors, in placing the $350,000 bond issue on the ballot last November, did not create any emergency funds to buy necessary materials to be used on the work relief projects.

Road funds, too, are about depleted, it is reported.

County Auditor Edward M. Stack finds there is but $800 left in the general gasoline tax fund. District funds, which were fattened by appropriations from the gas fund, still total between $10,000 and $15,000.

If the supervisors who voted themselves these funds will rescind their actions, a partial solution of the problem will be reached. Funds in the various district budgets total: First, Albert Witt, $4600; Second, Rosalie Brown, $6494; Third, John W. Poole, $2379; Fourth, Manuel Francis, $33, and Fifth, Dr. C. V. Thompson, $6.

Local Woman Is Imprisoned As Parole Breaker

Mrs. Helen Laverne Roberts, 23, also known as Mrs. Helen Thompson, of Redwood City, whose shoplifting attempts in San Francisco have kept her in the public eye for several months, today began serving a term in San uentin for breaking her parole.

Sentence was passed by Judge Jacks in San Francisco, who gave her a one to 15-year term for breaking a two-year parole on a second degree burglary charge.

Mrs. Roberts last August entered a 5 and 10-cent store through a skylight. She fell and injured her ankle, preventing her escape. A few weeks ago she was found hiding under a counter in a large San Francisco department store.

Daly City Woman May Be Appointed To Social Service

Mrs. Andrew P. Chesney, 398 Crocker avenue, Daly City, was recommended for appointment as a member of the San Mateo County Social Service Commission to succeed Mrs. Theresa Altieri, Daly City, who resigned, in a communication in the hands of the board of supervisors today.

The recommendation was made by Mrs. Ellen Biber, executive secretary of the commission, and was continued to February 6 at the request of Supervisor Albert J. Witt of Colma.

Season's Rainfall Now 4.36 Inches

The rainfall for the present storm has been 1.10 inches, making a total of 4.36 inches for the season as against 11.21 at this time last year.

Gas Station In Theater Block, Plan

Further development of the Sequoia Theatre block was approved by the city council Monday when it granted a permit for a service station at the corner of Theatre and Hamilton streets.

The station will be built by the General Properties Inc., and will represent and investment of $4,000, Aleck Clark, local and Palo Alto realtor, told the council. General Petroleum Corporation products will be handled.

Rhodes Named To Post Left By Callaghan

Sheriff James J. McGrath has appointed Belton Rhodes, a deputy in the sheriff's office, to take the place of C. A. Callaghan who resigned to accept a more lucrative position in commercial life. Callaghan for years headed the civil department of the office and was recognized as an expert in legal matters pertaining to the position.

McGrath may be congratulated in the appointment of Rhodes, who is a graduate of Stanford University and a young man of character and ability. After leaving Stanford he taught school at Los Gatos, afterwards joining the forces of the Pacific Title Insurance Company here. For five years he has been a deputy in the sheriff's office. He is a member of the Elks lodge of San Mateo and other organizations. Rhodes is popular and able and is certain to succeed in his new position.

W. D. RYAN RE-ELECTED CHAIRMAN

Merchant Will Again Head Retailers' Division

PLAN FOR 1933

Thrift Tuesdays Are To Be Resumed January 24

W. D. Ryan, Main street furniture dealer, was re-elected chairman of the board of the retail division of the chamber of commerce at a meeting held Monday.

The retail board, besides the chairman, includes Sam Winkleblock, A. H. Davies, Kendall B. Towne, D. P. Washburn, Clarence E. Choate, Charles Nelson, James P. Hearne, Milton R. Hinds, and C. A. Douglass. Several additional retailers representing other lines of business will be chosen for the board after the completion of the present membership campaign.

It was the unanimous decision of the retail board to continue with a series of promotional events throughout the year. The first of these will be Thrift Tuesday, which was started in 1932 and was outstandingly successful.

It was agreed to adjourn the weekly Thrift Day events during the Christmas season because of the conflict of other sales events and features.

Thrift Tuesday will be started again on Tuesday, January 24. It will be followed in a short time by the big semi-annual two-day sales event which shoppers of this district have come to know as one of the most valuable retail events of the year.

Merchants are already preparing for both the Thrift Day and the later community-wide event for which dates will be announced in the near future.

Carlos McClatchy, Editor of Fresno Bee, Dies in S. M.

Carlos K. McClatchy, vice-president and general manager of the McClatchy newspapers, and editor of the Fresno Bee-Republican, and son of Charles K. and Ella K. McClatchy, of Sacramento, died Tuesday of influenza and pneumonia at the home of friends in San Mateo. He was 41.

Death came shortly after 10:30 while physicians worked vainly to save his life by means of oxygen which kept him alive for a few hours.

He passed away shortly after his father arrived at his bedside.

Dr. Philip King Brown, chief of the medical staff of the Southern Pacific Hospital, with a corps of physicians, was in attendance. Funeral arrangements have not been made.

Witt Made Director Of Serra Boulevard

Albert J. Witt of Colma, new member of the board of supervisors, was appointed today as a director of the Junipero Serra boulevard district, succeeding Supervisor Thomas L. Hickey of South San Francisco, whom he replaced on the board.

Bishop Resigns As Member of Planning Body

Z. T. Thorning Named As Successor to Woodside Man

Roy N. Bishop, Woodside capitalist, who has been chairman of the San Mateo County Planning Commission since July 30, 1931, when the board was organized, submitted his resignation to the board of supervisors Monday.

Chairman Bishop informed the board that he would be away much of the year and would not be able to attend the meetings.

The resignation was accepted on motion of Supervisor Albert J. Witt of Colma, and on recommendation of Supervisor John W. Poole, chairman pro tem, the name of Z. T. Thorning, Redwood City lumberman and former councilman, was put forward.

Thorning was appointed on motion of Supervisor C. V. Thompson, Burlingame, and second of Supervisor Rosalie Brown, San Mateo.

The board continued to February 6 the reappointment of two members whose terms have expired: Mayor Hugh H. Smith of Daly City, and J. F. Cambiano of San Mateo, who drew one year terms which expired last July.

Planners now include Thorning, Smith and Cambiano; John Wisnom, San Mateo; Alvin Hatch, Half Moon Bay; Carl W. Anderson, Burlingame, and as ex-officio members: Manuel Francis, chairman of the board of supervisors; Edmund Scott, district attorney, and James S. James, county surveyor, who is secretary of the commission.

City Insurance To Be Increased If Need Revealed

City Manager Ernest Rolison was authorized by the city council Monday to increase the amount of insurance carried on the city hall and firehouse and the contents in each, if he finds the present policies inadequate.

City Clerk B. E. Myers informed the council last night that the amounts now carried were far below the value of the buildings or contents. He said the city hall carried $8,000 for fire and 'quake insurance and $2,000 on its contents.

The firehouse building carries but $1,000 insurance and the contents $1,500 on the furnishings for fire and $1,600 for 'quake.

An investigation to determine if companies in which Redwood City is carrying its public liability insurance are solvent or not was ordered by the council.

Councilman Henry Beeger brought up the discussion because several companies were reported to have gone into the hands of receiyers during the past few weeks. In one of these companies, it was believed, the city had two policies. If this is true, the council authorized the city manager to secure cancellation of the policies and rebate on the unearned premiums.

MOTORIST IS CUT

SOUTH SAN FRANCISCO, Jan. 19.—A. H. Bevilockway, 48, of 1256 Balboa avenue, Burlingame, was treated here at the South San Francisco Hospital early today for cuts and bruises, after his car and one driven by T. A. Perrott, 32, of Palo Alto, collided.

'Ballyhoo' License Granted Despite Protest by Scott

Disregarding the fact that a slot machine law violation charge is pending against Dan Cochrane, proprietor of "The Ballyhoo," roadhouse near Millbrae, the board of supervisors today had granted a renewal of his license.

District Attorney Edmund Scott, at the afternoon board hearing Monday, protested renewal of the permit.

When the board granted the restaurant a new license, Scott asked what use it was for the board to consult him in the matter if his advice is to be disregarded.

He left the board room showing his ire.

Supervisor Rosalie M. Brown, San Mateo, was the only member of the board to suggest that the license be held up pending the disposition of Cochrane's case. She had, however, seconded the motion of Supervisor C. V. Thompson, Burlingame, granting the license, and it stood.

Scott said that attempts have been made by his office to have Cochrane's preliminary hearing set by Justice of the Peace Gus Risso, Burlingame, but these efforts have met with repeated failure. Cochrane was arrested several months ago and is free on bail.

The slot machine "rap" calls for a $100 fine.

Thieves Smash Window, Steal Money, Smokes

Throwing a brick through the front door window and then waiting to see that no one arrived, one or more bandits Monday entered a service station at Bayshore boulevard and Willow road, east of the veterans' hospital, and stole $8 in cash, three cartons of cigarets, and two bottles of soda water.

The station is operated by E. R. Hoffman. Deputy Sheriff Thomas Maloney of Sheriff James J. McGrath's office is investigating.

CITY TO TAKE OVER WATER SYSTEM SERVING EMERALD LAKE FOOTHILLS

Chance to Profit by Transaction Seen; 310 Customers

Redwood City will take over and operate the Emerald Lake Water Company's system in the western foothills if the plan suggested by George Leonard, Emerald Lake realtor, and tentatively approved by the city council last night, is finally accepted next Monday.

This was revealed at the council meeting Monday following a conference between the board, City Manager Ernest Rolison, City Engineer Charles Dimmitt, City Attorney Albert Mansfield, and Leonard.

State Request

The municipality, under the plan, would establish an office in Redwood City for the collection of the water bills, instead of in San Francisco as at present. This change has been requested by the California Railroad Commission.

Moneys collected by the city would be applied to a bill for water owing from the Emerald Lake company. Thereafter revenues would be retained by the city.

Leonard, who made his offer verbally last night, will be asked to present it in written form at an adjourned meeting of the board next Monday.

No Charge for System

The system, which cost $113,000 to install, has an appraisal value fixed by the railroad commission of $65,000. It will be turned over to the city without charge—if the municipality agrees to furnish the Emerald Lake area with an uninterrupted supply of water. The city will have entire charge of billing and collections, and the system will no longer be controlled by the Emerald Lake Water Company.

The water company, which has 310 consumers, has been buying its supply from Redwood City. It has not been operated at a profit, but the municipality will be able to do so, City Manager Rolison believes.

The system consists of redwood storage tanks, booster pumps and extensive pipe lines. Water is pumped from the city reservoir at the 185-foot level to the 320-foot level, and from the 320-foot level to the 560-foot level. These two main storage points serve the bulk of the Emerald Lake users, while other storage tanks serve scattered consumers.

It is estimated that each of the 120,000,000 people in the United States spends 40 cents a year for books.

BEAU BRUMMELLS? NO, GRID STARS

These handsome young men do not show any scars of the grid, but they're outstanding stars of the Green Bay Packers, professional champs who meet Ernie Nevers' Coast All-Stars in San Francisco Jan. 22. Johnny Blood, left, is an all-American pro halfback. Jug Earpe, center, has been playing pro ball for 11 years, 10 of them with the Packers.

Hudson Street Work Ordered By Councilmen

Fire engines, commercial vehicles and pleasure cars will soon be able to roll over the new Hudson street—following decision of the city council Monday to appropriate $850 for red rock to complete the opening and surfacing of this thoroughfare.

At Councilman Robert Jones' request, City Engineer Charles Dimmitt informed the board that his survey showed the cost of rocking the road would be $850. This will call for six inches of rock, which, when rolled, will be five inches in depth. Surface grading will precede the laying of the rock so that a fairly good roadway will be provided which should be suitable for some years to come.

The sum will come from the remaining portion of the Hudson street assessments. City Manager Ernest Rolison said it was appropriate that this money be used for this purpose as it had been advanced by the property owners along the thoroughfare.

The rocking will be on Hudson street from Jefferson to Madison avenues, and from Vera to Roosevelt.

Opening of these blocks will complete the extension of Hudson street from the Myrtle street firehouse on Jefferson avenue to the Woodside road.

Democrats of District Plan McGrath Rally

A dinner in honor of Congressman-elect John J. McGrath of the Eighth Congressional District is planned for Tuesday evening at 7 o'clock at the President Hotel in Palo Alto under the auspices of the Palo Alto Democratic Club.

W. H. Morrissey of Redwood City, and James Davis of Menlo Park will be among the speakers, and others will represent South San Francisco, Burlingame, San Mateo, Palo Alto, Mountain View, Sunnyvale and San Jose.

Deep water harbor development in the southern part of the bay will be one of the subjects discussed, and all interested are invited to meet the new congressman. The get-together will be non-partisan.

CARRINGTON SONGS ON PROGRAM AT P. A.

Two songs, "Little Jack Rabbit," and "The Frog," by Otis Carrington, were included in the three groups of children's songs sung by Lois Stilson Miller in the Community House at Palo Alto Sunday afternoon.

Mr. Carrington, head of the department of vocal music at Sequoia Union High School is the composer of many well known songs and operettas for young people.

Half a teaspoonful of baking soda added to boiling frosting will keep it from running.

Besides her husband, Mrs. Genochio is survived by a son, Albert J. Genochio. She was the sister of the late John and Louis Fehrn.

The funeral services will be held on Saturday morning at 9 o'clock from the Layng and Tinney Funeral Home; thence to Mt. Carmel Church, where a requiem mass will be celebrated for the repose of her soul, commencing at 9:30. Interment will follow in Holy Cross Cemetery at Colma.

BASELESS ATTACK

President Herbert Hoover was maligned during the recent campaign in a book entitled the "Strange Career of Herbert Hoover—Under Two Flags." It was a villainous attack upon the chief executive that cost him thousands of votes. Pure and simple it was a fabrication written to injure the character of the president.

It was repudiated in the supreme court of New York last week by John Hamill, its author.

An affidavit, signed by Hamill, June 4, but not made known generally until last week, said that while the material gathered for the book contained statements that were true in themselves, they were used in such a way as to lead to false conclusions concerning the president.

Menlo Park

Captain James Logan returned from Mexico this week where he went on a business trip.

The parlors of Native Sons and Daughters are giving a series of card parties, the first of which took place last evening in the Central School.

Mrs. Cora Parker entertained several friends in honor of Mrs. Martha Suckland, who spent the week visiting old friends and who left for her home in Chicago this week.

The following ladies accompanied Isabelle Lindquist to the Veterans' Hospital yesterday to entertain the sick in ward 17: Mrs. D. Devol, Mrs. C. O'Neill, Mrs. F. Beach, Mrs. J. Henmon, Mrs. P. Blanchard, Mrs. D. Murray, and Mrs. Leon French.

Elaborate preparations are being made by the American Legion for a card party in the auditorium of the Central School on January 27.

Mrs. Frank Mansuetto and Mrs. F. Marshall will be the hostesses at a new series of card parties sponsored by the Mothers' Club of St. Joseph's.

Clyde Segur, brother-in-law of Captain James Logan, has been elected president of the Los Altos Country Club.

The beautiful home of Mrs. A. Partee, near Santa Cruz avenue, has been leased to a wealthy family from Spokane, Washington. Two sons are to enter Stanford for a full course. This is the main reason that the family moved from the north to take advantage of the educational facilities this community offers.

Beginning February first Menlo parlor N. S. G. W. will meet only twice monthly, the first and third Thursday evenings of each month Heretofore the parlor met every Thursday. Nearly all lodges now meet only twice a month. This is done in the interest of economy.

Ted Morris has returned home from the Community Hospital where he underwent a serious operation.

Robert Clancy, son of Mrs. Ella Clancy, who has been on a three month's trip aboard the Dollar liner President Lincoln, to the Orient, with members of an orchestra, returned home last week and will enter Stanford for the winter quarter. He visited Hong Kong, Kobe, Shanghai, Honolulu, and Manila.

Many from here will attend the dedication of the San Francisco College for Women at Lone Mountain Sunday afternoon. Many of the pupils attending the school received their training at the Convent of the Sacred Heart here. Several from this locality are enrolled in the new institution which gives young women an opportunity to earn academic degrees recognized all over the world.

A blaze originating in a flue did $150 damage to the residence of J. T. Davis on Madrone avenue at 8:25 o'clock Monday morning.

Three trucks of the Menlo Park Fire Department answered the alarm to be in readiness in case it should prove necessary to lay hose lines from the nearest hydrant, more than 400 yards away from the house. Loss to the building, which is valued at $7,000, was covered by insurance.

No appreciable damage was done to the automobile of Maj. C. H. Armstrong when it caught afire from a short circuit at 9:10 o'clock as he attempted to start it. This fire was also extinguished by the fire department.

Mrs. Helen M. Clunie, widow of Andrew J. Clunie, passed away at her home in Stanford Park following a short illness. The last rites were held at her home in Middle avenue Tuesday afternoon. Surviving her are a daughter, Mrs. Helen Saunders, and two sons, R. A. Clunie and R. M. Clunie. Her husband was at one time a noted lawyer in San Francisco and politician. He held the office of insurance commissioner under Governor James Budd. His brother, Thomas Clunie, was a congressman from this district in the early nineties. He served only one term, having been defeated by Eugene F. Loud.

H. F. Gittings Jr. and Miss Rose Anne McVeigh of San Francisco were married at the Church of the Good Shepherd, Beverly Hills, with Rev. Mr. Mullins, officiating, last Tuesday.

The bride was attended by her cousin, Mrs. William Cornett of Los Angeles, the former Josephine Lucey of San Francisco, and Dr. Frederick Paxton Schaefer was best man. After the wedding a reception was held at the Biltmore Hotel.

The bride attended the Presentation and Sacred Heart Convents and resided at the Maurice Hotel here.

Mr. Gittings attended Stanford University. He is a member of the Olympic, Lakeside and Menlo Country Clubs, also Racquet Club of Washington, D. C., and Jonathan Club of Los Angeles. He is the son of the late Katherine Gittings, the writer, and nephew of Martin Egan, New York banker and former San Francisco newspaper man. He resides at the Fairmont Hotel, where the couple will make their home following a short honeymoon at Coronado.

Gittings is a former Menlo Park man and has made good in the large city. His father, the late Harry Gittings, came here in the early nineties to work at St. Patrick's Seminary. He and his interesting family lived in one of the Russell cottages on the highway. All old timers will recall the family. Young Gittings at an early age began his career as a clerk for the Southern Pacific Company in San Francisco. Later he became wealthy in fortunate investments in real estate.

The San Francisco College for Women, conducted by the Religious of the Sacred Heart, a crown of architectural beauty atop Lone Mountain, has been added almost overnight to San Francisco's educational institutions. Its dedication next Sunday will mark a milestone in the city's cultural progress. Already three units, one-third of the entire plan, have been completed and 150 pupils enrolled and in attendance. The college is designed, when completed, to accommodate 500 women students.

Unique among schools in San Francisco, the College for Women gives women opportunity to earn an academic degree recognized all over the world. And it adds to the metropolis' educational system a college without cost to the taxpayers. From beginning to end its cost is borne by its founders, the Society of the Sacred Heart.

Founded in France in 1800, the society was established in the United States in 1818 and now has houses of learning all over the world. Its colleges for women are famous in Louvain and Budapest, at Oxford in England and Sydney, Australia. In the United States five other cities besides San Francisco point proudly to colleges bearing the name of the Society of the Sacred Heart, New York, Chicago, Cincinnati, St. Louis and Omaha.

Bare, Lone Mountain has long stood out as a landmark in San Francisco. Now, adorned with a monument to the zeal of good women and dedicated to women's advancement in learning and culture, it becomes a new jewel in the city's crown.—San Francisco Chronicle.

20 Years Ago In Redwood City

Miss Elsie Muller and Miss Pauline Einstein, who were welcome home visitors during the holidays, have resumed their studies at the Convent of Notre Dame in San Jose and Hopkins Art Institute.

Arnold Schmidt, Al Becker and others returned from a hunting trip to the Alviso marshes on Thursday, bringing in 75 ducks. There will be a duck menu at Schmidt's Cafe for the next three days.

A. J. Fromm was here Thursday inspecting the new hotel which he is to manage. He is well pleased with the rapid work on the structure and hopes to open the hotel on April first.

The young men of this city have organized a Young Men's Club. A meeting was held Wednesday night at which officers were elected. The officers for the ensuing term are: President, Earl Eikerenkotter; vice-president, Robert O'Connell; secretary, Ray Griffen; treasurer, Roy W. Cloud. A need that has been long felt in this town is that the young men could meet for a social time at some place other than the pool rooms or saloons. This is what the young men propose to do. They deserve the hearty support of everybody.

Harry W. Jamieson of Redwood City was elected president of the Musician's Union of San Mateo County at San Mateo January 21, by a big majority. The union has a membership of one hundred and is in first class condition. On February 17 the local will have a banquet and dance at San Mateo.

Redwood City can boast of one of the most attractive moving picture show houses on the peninsula. Thoroughly ventilated and comfortably seated, the Bell Theatre is a model, while Manager Nathhorst exercises the greatest of care in the selection of subjects shown.

GRAND JURY QUIZ ENDING

Chairman Sam D. Merk of the San Mateo County Grand Jury announced this morning that the inquisition would in all probability be completed today. The report, which is ready to be typed, may be handed to Superior Judge Maxwell McNutt tomorrow or Saturday, he said.

James De Mant, 69, a retired minister and a resident of East Palo Alto for 13 years, passed away last Monday. He is survived by his widow and several grown children.

Bandit Victim Flashes Knife, Saves Watch

San Mateo county's "tall and short and stocky" bandit pair met up with a worthy foe in Arnold More, Millbrae dairy company employe, in a fight over his gold watch in front of the dairy office late Monday night.

More saved the gold watch, but lost $14 in the tussle.

He was attacked as he alighted from a southbound street car at the dairy plant. The tall bandit struck him across the face, while the second bandit waited in a parked car nearby. Brandishing a gun, the bandit searched through More's pockets, taking the $14.

In the search, he dropped More's watch. Both went down after it, More meanwhile pulling out a knife and opening the blade. The second bandit, seeing the knife, warned his confederate, and they fled in the car.

Deputy Sheriff Thomas Maloney of Sheriff James J. McGrath's office is investigating.

Adolph B. Spreckels, of Woodside, heir to the sugar millions, forfeited his bond of $1000 posted when arrested for possession of marihuana cigarettes, and flew from Cuba to Miami, Fla., yesterday.

C. C. Envoys Gather New Suggestions

Members of the chamber of commerce, including the board of directors, were given many good suggestions in their calls on businessmen Monday for the betterment of Redwood City and for various classifications of business.

The chamber was asked to hold hearings on the parking situation on Broadway between the railroad tracks and the highway. This problem has been increasing and in the opinion of the numerous business men is beginning to mean the possible loss of some business.

The board of directors will ask a competent committee to begin an inquiry into the subject so that a satisfactory solution can be found. This is only one of many suggestions for service which can mean better business for individual stores and better business for the community as a whole.

Chairman Guy R. Kennedy of the membership campaign is keeping a record of all suggestions and statements and the entire subject matter will be placed before the board of directors in systematized form.

Incidentally, the support in the way of new memberships and additional workers is very good. Business men generally take the stand that a chamber of commerce, which is a plan of all business and professional people working together for their own and their community's advancement, is the best means by which communities can meet and overcome the difficulties encountered during hard times.

Chairman Kennedy is making his headquarters at the chamber of commerce office between 11 and 12 o'clock each day so that visiting teams can report to him. This will be continued until all calls have been completed and a final report made on each and every business, professional man and investor in the community.

Thomas Roberts, Dumbarton Tract, Taken By Death

Following a lengthy illness, Thomas Roberts, 85, passed away late Friday at the home of Mrs. J. D. Provo, 92 Blenheim street, in Dumbarton Oaks. He was a native of Wales where he learned his trade of blacksmithing and wagon-making. He came to this country at 28 years of age and worked in the mines in the east for quite a few years, later following his trade in San Francisco. Upon his retirement seven years ago he came here to reside.

He was the husband of the late Sarah Roberts, who died here seven years ago. He is survived by his grandson, William Roberts Jr. and also by his daughter-in-law, Mrs. Ida Roberts, the widow of his son, the late William Roberts.

He was a member of Fidelity Lodge No. 222, Independent Order of Odd Fellows, San Francisco. He was formerly a lieutenant of the San Francisco Hussars.

Head of Ward Stores Visits Redwood City

Accompanied by several other officials of the organization, Sewell G. Avery, president of Montgomery Ward & Co., nationally known merchandising institution, paid a visit to the Redwood City store Sunday.

Avery, whose main office is in Chicago, is making a tour of inspection on the Pacific coast. His peninsula visit included the store at San Jose.

After spending two hours here conferring with officials and employes of the Redwood City store, Avery declared that it is one of the strongest links in the company's chain of 465 stores.

Avery, while on the coast, is making his headquarters in Oakland. In addition to being president of the Ward stores, he is president of the United States Gypsum Corporation and several leading eastern banks.

Brooklyn Man Seeks Part of Harris' Estate

Justin Leroy Harris, 405 Arch street, this city, shot his wife to death by firing a bullet through her left ear, a jury determined in the Layng & Tinney chapel here Monday. The wife, Byrtle Adele Harris, was slain on December 30, the jury found. Harris killed himself in a San Francisco hotel 10 days later.

The lengthy letter which he wrote to a San Francisco newspaper detailing a life of crime and confessing his wife's murder, was read to the jury. Dr. J. C. McGovern, county coroner, presided.

Police Chief C. L. Collins today received a letter from J. R. Doughty, 1661 East Twenty-third street, Brooklyn, N. Y., charging that Harris embezzled $3500 from him and asked how much of an estate he left so that he could make a claim for this sum. Harris confessed this in his letter.

Georgia Willard Succumbs Here At Son's Home

Mrs. Georgia B. Willard, 74, widow of the late Seward L. Willard, passed away on Tuesday at the home of her son, 630 Whipple avenue. She was a native of Iowa, and had lived here for the past two and one-half years.

She was the mother of Stanton D. Willard of San Francisco; Milburn L. Willard of this city; and the late Mrs. Marguerite W. Conolley of San Mateo. She was a sister of Edward Bunghardt of Lake City, Minn.; Mrs. Lulu Stanton of Oakland, and the late Harry Burghardt of Eau Claire, Wis.

The most powerful man-made lightning ever created was recently displayed in the laboratories of a Schenectady, N. Y., electric company. About 10,000,000 volts were sent through the air in one flash.

M'Grath for Commercial Reciprocity

Congressman-elect John J. McGrath of the Eight District addressed the Foreign Trade club in San Francisco at noon Monday. His talk concerned the necessity of increasing our export business by reciprocal trade agreements with foreign countries.

"This, of course," he said in part, "does not mean that we should not 'buy American' for I am a firm believer in the use of American products by the American people. But there is a great surplus of our own goods that could be consumed in foreign countries. And likewise other nations have products which we have a market for here.

"By means of reciprocal trade agreements with these countries, as advocated in the Democratic platform during the recent presidential campaign, we could dispose of our surplus products advantageously. I am referring particularly to Monterey sardines, dried apples, prunes, canned fruits, lettuce and oranges. These items are the ones which people in the Eighth District are particularly interested in."

Tuesday McGrath and Captain Victor Harding, his secretary, will make an inspection of the Pinnacles national monument near Hollister. Thursday he will sit with members of the Salinas Chamber of Commerce to discuss freight rates. When McGrath takes office in Washington after March 4 he intends starting a movement so that eastbound railroad freight rates on such products as lettuce will be lowered sufficiently to permit California producers to ship their crops east at costs low enough for them to compete with similar products grown on the other side of the Rockies and offered for sale in Atlantic seaboard markets, he announced today.

J. A. Summerville Succumbs Here At Age of 56

James A. Summerville died here Tuesday at the age of 56. He was a native of San Francisco and was a member of Metamora Tribe of Redmen.

His wife, Katherine Summerville, and a son and daughter, Robert and Alice Summerville, survive. The funeral services will be held in San Francisco, with the hour to be announced later. Interment will be in Holy Cross Cemetery.

The body is at the chapel of Barry & McDonald, 766 Valencia street, San Francisco.

Superior Judge Maxwell McNutt today had requested the purchase of an indirect lighting system for the anteroom and chambers in Department One in a letter addressed to the board of supervisors. The board ordered the lighting fixtures purchased.

Gas Tax Division Would Give City $14,142, Report

Redwood City's share of the state gasoline tax division if the cities get a chance to share it with the counties will be $14,142.

This was the information forwarded to the city council Monday by the League of California Municipalities, which asked a $50 contribution to help carry on the fight. The city council agreed to supply this amount, contingent on an explanation as to how the money is to be expended.

It is proposed that the cent and a half coming to the counties be split with the cities. The money would be divided on a basis of automobile registrations, the larger cities getting more than the smaller ones. The county would retain all revenue derived from cars registered in the rural areas.

County to Call Early Bids on Jail Alteration

County Purchasing Agent Ernest Werder was instructed by the board of supervisors today to prepare plans and specifications for remodeling the old Redwood City jail for use as the new county detention home and to call for bids. Approximately $3,000 is to be spent on the work.

The board also approved three relief projects, including $600 to be spent on the grading and widening of Frankfort street in Daly City; the grading of Lowell street in the same city, to cost $200, and the extension of the Poplar avenue outfall sewer, San Mateo, to cost $2,400.

Titian, the artist, obtained inspiration from a bunch of grapes which he kept hanging in his studio as an example of beauty of form and line.

STATUES FOR SHAME

SHANGHAI — The Chinese, as usual, are doing things backwards. In ancient times, iron statues were erected to indicate the lasting disapproval of corrupt government officials. Today Mr. Ho Tsihsiang of the Anti-Civil War League suggests that iron statues of every war lord who indulges in civil war should be erected to shame them.
